MIX HAS JOINED MANRS

MIX has always been aware of the security issues that threaten the functioning of the Internet every day, and implements actions to counteract them: this is why it joined MANRS, the initiative supported by ISOC that promotes the adoption of a series of technical measures aimed at making the global routing infrastructure more robust and secure. Discover more

HAPPY 4Q!

To celebrate an extraordinary 2018, we have a gift for you: up to three months for free for peering at MIX! All new port activations and upgrades of existing ports up to 10 Gbps, from October 1st and December 31st 2018, will be invoiced as of January 1st 2019. Hurry up!

MIX Salotto 2018 - November 27th, Milan, Hotel Principe di Savoia.

CALL FOR SPONSORS IS NOW OPEN!

For more information, send an email to sg-evento@mix-it.net

MIX NEW POP AT THE GLOBAL CLOUD DATA CENTER

MIX new PoP launched at the Global Cloud Data Center: the data center campus by Aruba, the largest in Italy, becomes a strategic data exchange hub for the country. Read the press release

Press Release July 2nd 2018: "Connectivity and datacenter to compete against Marseille" - By Emilio Mango for Technopolis. Read the article (Italian only)
